MEMORANDUM FOR: Director of Central Intelligence

VIA: Deputy Director of Central Intelligence
Executive Director
General Counsel
Deputy Director for Administration

83-00648

FROM:

Director, National Intelligence Emergency
Support Office

SUBJECT: Request for Approval to Acquire Additional
Space for the National Intelligence Emergency
Support Office

1. Action Requested: That the Director of Central Intelligence approve the acquisition of an additional 5,000 square feet of office space for the National Intelligence Emergency Support Office (NIESO).

2. Background: The NIESO Staff will expand from its present level of [] to the authorized FY 1983 complement of [] as rapidly as possible, probably by sometime in April 1983. When part-time personnel and independent contractors are considered, some [] will be occupying the facilities. The [] square feet of office space presently available for our use in [] Building, which includes vault space needed for storage of classified material and secure telephone communications equipment, will soon be inadequate for our needs. The Office of Logistics has identified approximately [] square feet of available additional space in the [] Building Two immediately adjacent to the existing office space. It is moderately priced and, in the view of the Office of Logistics, will meet our requirements for housing the additional personnel.

3. Funding for the space is available within the National Intelligence Emergency Support Program's FY 1983 budget. Although extensive renovations will not be required as presently contemplated, the Office of Logistics advises us that a Certificate of Necessity is desirable in case alterations may be needed in the future.
